Media Advisory

The Wichita Police Department's (WPD) Emergency Accident Reporting Plan (EARP) is in effect. Also, accidents can be reported utilizing a mobile friendly accident report on the WPD app available free in any app store.

The EARP plan allows motorists who are involved in a non-injury accident to move their vehicles, exchange information with the other driver involved and report the accident within 24 hours of occurrence. If there is an injury or alcohol use is suspected, call 911 and officers will respond to the accident.

Motorists can get an accident form at local area QuikTrips, KwikShops, police stations or report the accident online at www.wichitapolice.com.
